INTRODUCTION

The Emergency Management Performance Grant (EMPG) Program provides federal funding to assist states and local governments in developing and carrying out emergency management programs. States submit annual applications that include a statement of work and proposed budget to the Federal Emergency Management Agency (FEMA) for funding to match state and local appropriations for emergency management programs. States receive EMPG funding from FEMA and, in turn, pass EMPG Program funding to local governments to reimburse them for emergency management eligible expenses.

The FFY 2014 EMPG program plays an important role in the implementation of the National Preparedness System (NPS) by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal of a secure and resilient nation.

State of Kansas leaders recognize both state and local governments must work to protect their citizens by developing comprehensive, risk–based, all–hazard emergency management programs. Emergency management must be able to coordinate in the context of natural and man–made hazards, as well as technological events, that threaten the security of the homeland and the safety and well–being of citizens. An all–hazard approach to preparedness, including the development of a comprehensive program of planning, training, and exercises, sets the stage for an effective and consistent response to and recovery from any threatened or actual disaster or emergency, regardless of the cause.

PURPOSE OF THE GRANT

The EMPG Program is to assist your county government in enhancing and sustaining an all-hazard emergency management program for the protection of life and property in your communities.

Funds provided through EMPG sub grants shall be used for emergency management programs to accomplish the following initiatives:

1. Update of Threat and Hazard Identification and Risk Assessments (THIRA);
2. Planning activities, included but not limited to County Emergency Operations Plans (CEOPs), Continuity of Operations (COOP), strategic planning, mitigation planning, debris removal plans, etc.;
3. Sustain critical core capabilities;
4. Develop and maintain multi-year training and exercise plan;
5. Target training and verify capability of personnel.

PERFORMANCE PERIOD

The period of performance for this grant is January 1, 2014, through December 31, 2014.
GRANT MATCH REQUIREMENTS

The EMPG Program requires a cost share at 50 percent federal and 50 percent non-federal share. The match can be cash or in-kind.

1. Cash Match (hard) includes non-federal cash spent for project-related costs, according to the program guidance. Allowable cash match must only include those costs which are in compliance with 2 CFR Part 225, \textit{Cost Principles for State, Local, and Indian Tribal Governments} (OMB CIRCULAR A-87) and 44 CFR Part 13, \textit{Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments}.

2. In-kind Match (soft) includes, but is not limited to, the valuation of in-kind services. “In-kind” is the value of something received or provided that does not have a cost associated with it. More information can be found in CFR Title 44, Part 13, Section 13.24.
   a. In-kind matches may consist of sub-grantee contributions such as property, or third party contributions including services, equipment or property.
      i. To qualify as in-kind the following conditions apply.
         1. Must be necessary and reasonable to accomplish the project objective.
         2. Cannot be from a federal source.
         3. Cannot be program income.
         4. Cannot be used to match another federal grant.
         5. Must apply to the cost-sharing requirement of the grant.
      ii. In kind contributions must be documented and verifiable in the sub-grantee records. Records must be maintained to support how the value of the in-kind contribution was determined.

ELIGIBLE SUB-GRANTEES

Eligible county governments are those that:

1. Submit a 2014 EMPG application;
2. Employ an emergency management director/coordinator as defined in KAR 56-2-2;
