

Ashley Goss, Administrator
Finney County Health Department
Representing Public Health

Ashley Goss is currently the Administrator of the Finney County Health Department. The health department employs 30 people. She has been employed for the health department for nine years. She was hired as the Business Manager and was promoted to Administrator four years ago. In addition to the everyday duties of her job, Ashley is also responsible for preparedness. Therefore, she has attended all relevant ICS courses as well as the HSEEP course. She has participated in many table top exercises as well as live exercises. In addition to preparedness duties, she is responsible for maintaining and preparing the annual budget for the health department, as well as maintaining the grants they receive. She is a part of a work group working to move forward with accreditation. Ashley serves on the Safety committee for the county and is a member of the Community Health Coalition. She recently became certified in Ambulance billing and coding, as her health department is responsible for billing all EMS services for the county.

Ashley has been a member of the Finney County LEPC for the last five years and was elected chairman for this current year. She also serves as the vice chair for the Southwest Regional Trauma Council, and is a member of the SHERT team. She also serves on the local American Red Cross Board.

She has a Business Management degree from Newman University and is recently completed her MBA (with an emphasis in health care administration). She has also completed the Core Public Health Course.

Ashley is happily married and has four kids-three teenagers and a six year-old, needless to say there is NEVER a dull moment in her house. Her kids participate in 4-H, and she enjoys helping them with their livestock projects throughout the year. She is also a Girl Scout leader, which is something she enjoys doing with her daughters.
