

Darryn Gillihan, Manager
Verizon Wireless Government Team
Representing Business/Industry

Darryn Gillihan is the Verizon Wireless Account Manager for the State of Kansas. Darryn has worked in the Wireless industry for 14yrs. During those 14yrs Darryn has specialized in working with law enforcement and emergency management agencies. Darryn has partnered with these agencies for their day to day wireless solution needs. Darryn has also coordinated with several agencies to insure that they have wireless communication resources that are needed during a disaster.

Darryn is also a member of the Verizon Crisis Response Team. In this role Darryn has insured that Verizon Wireless participates with state and local agencies in crisis response training at Crisis City. Darryn has also assisted in coordinating Verizon Wireless assets to respond to disasters throughout Kansas and Missouri.
