The CEPR is comprised of 27 representatives from various state and local government organizations and industry. A table depicting the membership of the CEPR is included on the back panel of this brochure. Members are required to serve a term of four years. The CEPR meets quarterly.

The Commission makes decisions regarding the state preparations for different types of emergencies. By including more experts in the discussions, it will allow for a better planned response by the state. The various backgrounds of these individuals create an ideal commission to coordinate emergency response related to all-hazard situations.

**PRIMARY CEPR RESPONSIBILITIES**

The purpose of the Commission on Emergency Planning and Response is to facilitate a coordinated effort for mitigation, preparedness, response, and recovery from emergencies and disasters in Kansas. The CEPR has the following functions, powers, and duties:

1. Carry out all requirements of the federal EPCRA.
   - To appoint, supervise and coordinate the activities of each LEPC;
   - To receive certain reports and notifications required by EPCRA;
   - To make facility reports and notifications available to the public; and
   - To annually review local emergency response plans prepared by the LEPCs.

2. Provide assistance and advice in establishing policy for the coordination of state agency activities relating to emergency training, preparedness, planning and response.

3. Provide assistance and advice in establishing policy and procedures for chemical release reporting and prevention, transportation, manufacture, storage, handling, and use.

4. Facilitate and advise the division of emergency management, the adjutant general, and others in the preparation and implementation of all emergency plans prepared by state agencies.

5. Facilitate and advise the division of emergency management, the adjutant general, and others in the preparation and implementation of statewide, inter-jurisdictional, and local emergency plans prepared in accordance with state and federal law.

6. Designate, and revise as necessary, the boundaries of the emergency planning districts in accordance with the federal act.

7. Approve the local emergency planning committee for each emergency planning district.

8. Review reports about responses to disaster emergencies and make recommendations to the appropriate parties involved in the response concerning improved prevention, mitigation, and preparedness.

9. Provide assistance and advice to the division of emergency management and the adjutant general in coordinating, advising, or planning tasks related to community right-to-know reporting, toxic chemical release reporting, management of hazardous substances, emergency planning and preparedness for all types of hazards, and emergency planning and preparedness for all types of disasters.

10. Recommend procedures to integrate, as appropriate, hazardous substance response planning.

11. Provide recommendations and advice to the adjutant general and the secretary of health and environment regarding the adoption of regulations as authorized to carry out the purposes of all state hazard preparedness and planning laws and the federal act.

12. Approve the fees established by rules and regulations of the adjutant general to cover all or part of the total operational costs of implementing the provisions of the federal act.

13. Provide assistance and advice to the division of emergency management and the adjutant general in developing and implementing a plan for regional emergency medical response teams.
